Dynamite Plot.

BY DIRECT WIRE TO THE TIMES.

WASHINGTON, Oct. 2.—[Exclusive Dispatch.] Nobody has ever accused the Washington Star of being unfriendly to union labor. That paper in its news columns tonight thus figures out what effect the President's stand for the equal rights of labor of American citizens is going to have:

"The prevailing sentiment among prominent Republicans who have been in this city recently is that the controversy over the question of open shop in the Government Printing Office, and the refusal to take action on the order of the President of William A. Miller as for man in the industry division of that office has no political significance, except to make stronger than ever the candidacy of Mr. Roosevelt for nomination for President by the next National Republican Convention. These Republicans do not believe this controversy will cost the President any votes in the ranks of organized labor, while they are convinced that his prompt and decisive action in the matter has advanced him greatly in the estimation of the business interests throughout the country. Viewed as a striking evidence of his ability and confidence in dealing with great national questions without fear of consequences adverse to some factions of organized labor it has counter-balanced in their opinion his action in the case of the anthracite coal strike, which was very adverse to trade unionism and was offensive to some men prominent in industrial life.

"The Republicans are satisfied that no effect adverse to the candidacy of the President for nomination can come from this controversy, because they are satisfied any further discussion of his action will be convincing that what he did was the only thing that could be considered under the law. They are satisfied that neither his enemies in the Republican party nor Democrats could bring up this controversy in discussion of his fitness for nomination and election with any hope to injure him.

"They do not believe the Democrats would be willing to make an issue of this action of the President even if the attitude of the leaders of organized labor was in opposition to the action of the President instead of being in agreement with it, so far as application of the open-shop idea to the Government Printing Office is concerned.

"It is believed that if they were to make such an issue with the intention of preventing Republican success at the polls the result would be to help his candidacy and election. The fact that prominent Democrats have not commented on the President's action in an adverse manner is regarded as an indication that Democrats do not believe it wise to take issue with him."

BUCHANAN'S LOSING GAME.
[BY THE ASSOCIATED PRESS.—A.M.] KANSAS CITY (Mo.) Oct. 2.—Famed Parks, the New York walking delegate, won a personal victory over President Frank Buchanan in the for-noon session today of the International Association of Bridge and Structural Iron Workers. It developed when an amendment to the constitution, drawn by J. Dugan of Chicago, a Buchanan adherent, to the effect that no man holding political office be eligible to representation at any convention or to hold an executive office therein, came up for vote. It was defeated by a vote of 15 to 12. After Parks had taken his office, several minutes before President Buchanan returned and called for the vote, so intense was the demonstration for the New York man that the delegates did not vote. After the convention adjourned the Parks crowd asserted that the vote showed plainly the strength of the delegates. The election was again put off another day.

ALLEGED DYNAMITE PLOT.

REPORTED BY THE FEDERATION.
[BY THE ASSOCIATED PRESS.—A.M.] COLORADO SPRINGS (Colo.) Oct. 2.—Sheriff Gilbert received a telephone message today from the head officials of the Western Federation of Miners at Denver, advising him that a plot had been formulated to blow up an unused part of a mill at Colorado City owned by the United States Refining and Reduction Company.

The dynamite, it is claimed by the Federation leaders, was to be done by agents employed by interests who are seeking to disrupt the Federation of Miners. In case the plot was successfully consummated, reports were to have been sent broadcast that the dynamiters and firebugs were members of the Federation or men hired by that organization.

PRISONERS RELEASED.

[BY THE ASSOCIATED PRESS.—A.M.] CRIPPLE CREEK (Colo.) Oct. 2.—Charles Kenyon, president of District Miners' Union No. 1, who has been a prisoner in the military guardhouse for fifteen days, was escorted by troops to the county jail today and

delivered into the custody of Sheriff Robertson, who is awaiting a writ charging him with carrying concealed weapons. His bail has been fixed at \$500.

LABOR RIOTS IN BERLIN.

MANY PERSONS ARE WOUNDED.
[BY THE ASSOCIATED PRESS.—A.M.] BERLIN, Oct. 2.—[By Atlantic Cable.] Thirty persons suffering from sabre cuts have been taken to the hospital today, and a number of others are being treated in the city. The police took several drivers and non-unionists here last night. The police on foot charged the rioters with drawn swords, and finally mounted police cleared the streets.

The police charged the rioters several times and used their sabres ruthlessly. The strikers and their sympathizers were driven back and some of them badly. The strikers aver that several hundred persons were wounded. Numerous arrests have been made and the police now occupy the omnibus terminals in force.

POLICE PRECAUTIONS.

[BY THE ASSOCIATED PRESS.—A.M.] BERLIN, Oct. 2.—The police took extraordinary precautions today to prevent further rioting. 300 extra policemen being put on duty. Only once, in the afternoon, did the police succeed in pulling down the rioters in order to effect the arrest of two disturbers. In the afternoon, a crowd of 4,000 gathered but were powerless in face of the police measures. Some sabre-cutters were taken to the hospital. The police were ordered to keep the streets clear of the rioters. The omnibus strikers stood aloof from the mob.

Another police unit on duty until midnight, when rain dispersed the crowd.

Telephone Linemen's Strike.

SAN FRANCISCO, Oct. 2.—It is said that by tomorrow evening the strike of the telephone linemen will be in effect. The strike is being called by the San Francisco Telephone and Telegraph Company, which has been in force over the entire system of the company since June 22. It will be at an end. After a conference between President John I. Rabin of the corporation and three national officers of the Electrical Workers' Union held today, Rabin announced that the strike would be called off and that a second conference would be held tomorrow which matters.

WOMAN ACCUSED OF STEALING THOUSANDS.

[BY THE ASSOCIATED PRESS.—P.M.]

NEW YORK, Oct. 2.—Marie Layton Johnson, aged 29 years, wife of Albert M. Johnson, a dentist of Larchmont, N. Y., with an office in this city, was arrested tonight on a warrant specifically charging her with grand larceny of \$20,000. The total amount of her defalcation, however, it is said, may amount to \$50,000. The complainants are officers of the United States Playing Card Company of Cincinnati and New York.

Mrs. Johnson, whose maiden name was Marie Layton, was book-keeper in the New York office of the company, and in addition acted as private secretary to R. H. McCuskey, secretary, treasurer and manager of the New York branch. She was married to Dr. Johnson in 1901, but did not leave her position until the marriage.

In April of this year discrepancies are said to have been discovered in her accounts, according to the statement given out by Inspector McCuskey and an examination is said to have revealed a shortage of \$10,000 between January 1 and April 1 in the accounts of the New York office.

The woman's modus operandi is said to have been as follows: The accounts of the concern were kept in the hands of the woman, who was a book-keeper and a book-keeper.

Presbyterian and Cumberland Presbyterian Churches Issue a Statement as to Progress Toward Agreement.

[BY THE ASSOCIATED PRESS.—P.M.] ST. LOUIS, Oct. 2.—The Committee on Cooperation and Union of the Presbyterian Church and the Cumberland Presbyterian Church, which have been working for several months toward a reconciliation recently brought about between the two churches, today issued the following statement:

While no final agreement was reached at this meeting, encouraging progress was made toward outlining a proposition of a basis of union to be submitted to the two general assemblies.

Tentative propositions of a basis of union, made by the Presbyterian Committee, were presented to the Cumberland Presbyterian Committee, which agreed to submit the whole matter to a sub-committee of six, from each of the general assemblies, said the committee to formulate a concurrent report to be finally considered by a joint meeting of the two committees in St. Louis.

In all the associations and negotiations of the two committees, both separately and jointly, there was absolute cordiality and fraternity, and there were no negative votes upon any question finally acted upon by either committee or the joint committee conference. The members of the two committees, both separately and jointly, there was absolute cordiality and fraternity, and there were no negative votes upon any question finally acted upon by either committee or the joint committee conference.

LIPTON TO RETURN HOME.

CHICAGO, Oct. 2.—Sir Thomas Lipton will leave for New York tomorrow morning, and will sail next Friday for London. Sir Thomas has almost entirely recovered from his illness, and his physicians do not anticipate any relapse. Last night he sat in the Auditorium and listened to Mayor O'Leary's speech.

THIEVES INVADE ST. PETER'S.

ROME, Oct. 2.—Fifteen silver chalices have mysteriously disappeared from the treasury of St. Peter's.

PEACE BETWEEN ROYALTIES.

VIENNA, Oct. 2.—As a result of a reconciliation recently brought about between Emperor Francis Joseph and the King of Belgium concerning the latter's attitude toward his daughter, Princess Stephanie, whose first marriage was with the Austrian Emperor's son, the Archduke Rudolph, King Leopold will arrive in Vienna in the middle of this month on a visit to the Emperor. The announcement causes general surprise.

CRAMP COMPANY CHANGES.

PHILADELPHIA, Oct. 2.—At a meeting of the board of directors of the Cramp Ship Building Company, held today, Charles H. Cramp tendered his resignation as president and was chosen chairman of the board, a new officer.

The following officers were elected: President, H. S. Groves; vice-president, Edwin S. Cramp; general manager, R. W. Davenport. The latter was also chosen a director of the company.

FAILURE.

He brought me to his garden rare. To give me of his best. The jasmine for my hair. And filled my lap with roses red. For they were born of love, he said.

All day he taught me garden lore. The ways to sow and prune. And what to waste and how to store. From fiftal March to June. And then he left me mistress there. Proud mistress of the garden rare.

I worked with jealous hand and eye. His watchful partner to win. But O, the creepers shot so high. One hundred dollars' worth. And when he came he delayed I grew mistrustfully afraid.

The roses too, began to fade. His roses born of love. Perchance it was the willow's shade. One hundred dollars' worth. I knew not, but in wild dismay I knotted them dead, and fled away. William Street, in English Country Life.

Kept the Secret.

A well-known upstart man, a lover of fine horses, saw a fine horse which he thought he wanted. He located the owner and asked the price. "One hundred dollars," was the answer. After looking the animal over and trying her speed he concluded it was a good trade, and wrote out a check for the amount. The next day he saw the animal for several weeks and succeeded in attracting the attention of another lover of horses, who made a proposal to buy.

"Well," said the owner, "I gave \$100 for her, but I'll let you have her for \$150 if you want to buy."

After looking her over and making a short ride behind her the man decided to buy. He paid over the money and took the mare. When the animal was unharnessed the first thing she did was to run against a post; then, by way of emphasizing the fact that she was blind she fell over a barrel. The next day the buyer came back with blood in his eye.

"Say, you know that mare you sold me?" he began. "Well, she's stone blind."

"I know it," replied her past owner, with an easy air. "Well, you didn't say anything to me about it," said the purchaser. His face red with anger.

"Well, I'll tell you," replied the other, "that fellow who sold her to me didn't tell me about it, and I just concluded he didn't want it known." (Philadelphia Ledger.)

Heard in a Restaurant.

"Great Scott!" growled the man in the restaurant. "I don't see how a chicken could live with so little flesh on its bones."

"Perhaps," suggested his friend, "it had been dieting."

"Well, there is one thing sure," said the first man. "I don't see how a chicken could live with so little flesh on its bones."

"And then the waiter dropped a meat platter on his head, and claimed it was an accident."—[Syracuse Herald.]

JIM JEFFRIES BACK FROM PIG HUNT.

HE REPORTS FINE SPORT AND PLENTY OF GAME.

Thinks Colorado River Finest Place for a Sportsman He Ever Saw—Has a Lively Experience in Tules With Big Bear.

Jim Jeffries, "The Champ," and his friend, Dave Brandt, returned yesterday from their pig-hunting jaunt on the Lower Colorado, and Jeffries says he had one of the finest trips of his life.

"We did the thing right," says Jeffries. "Got a 20-foot boat of the kind they use on the Colorado at Yuma, and it carried the five men in our party like shooting fish. Talk about your game grub with our guns, but the big Indian, Frank, who was my special guide, told me to take a little more to the west, as it was up to the square, we could get all we could eat that way. And I never saw such ducks. Why they were as fat as butter, and nearly all young ones, just getting able to travel alone. There is every kind of water bird there that I ever saw before, and some that I never saw anywhere else. I got two big hogs myself. Frank, the Indian guide, is a bigger fellow than I am—six-foot-four tall, and as strong as an ox. He and a pack of dogs and they did good work whenever we were anywhere near the hogs. Frank wouldn't stand for it; he just caught a glimpse of lying in the tules at the edge. There are tules all over that country, and they are the all over that country. Well, I tried to get a shot at that pig, but he was too quick for me. I was a bear, and a big one, so I naturally wanted to go in and get him. Frank wouldn't stand for it; he said the hogs would eat me and him and the dogs and everything else. Finally I said I was going into the tules after the pig, and Frank says 'all right, you bossy man,' and in he came, too. I wouldn't want a better guide than that fellow. Well, I made a long story short, I killed the pig at the first shot. They did pretty easy if you happen to hit them just right. He was a shaggy, big fellow, but for some reason was too thin to be much good. I didn't get to eat any pig meat to amount to anything while there.

"Along the edges of the Colorado, below the American line, where it is a fine stream, there is a lot of the tules. I would have shot some of those big blacktails. Everything we got except that pig seemed to be in fine shape. The ducks breed there by the million, and even the young ones are fat.

"The worst complaint I have to make on the place is the mosquitoes. They are just as plentiful as everything else. And they are always hungry. The cattlemen told me that sometimes they killed the cattle for them, and I believe I, for they nearly carried Dave and I off several times. Finally we got out in the river and anchored to a snag at night, then we did not know from them so much.

"Talk about raining. We don't know what rain is here. One afternoon about 4 o'clock while Brandt, Martin, Frank and I were in the boat, an electrical storm broke over our heads. It was a whaling, big fellow, but for some reason was too thin to be much good. I didn't get to eat any pig meat to amount to anything while there.

"Along the edges of the Colorado, below the American line, where it is a fine stream, there is a lot of the tules. I would have shot some of those big blacktails. Everything we got except that pig seemed to be in fine shape. The ducks breed there by the million, and even the young ones are fat.

SAN LUIS OBISPO COUNTY.

SEEKING A CLEVER FORGER.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

SAN LUIS OBISPO, Oct. 2.—Sheriff Irvine has received a request from G. Burnett of Salem, Ind., to arrest a man who impersonated his son, Otto Burnett, and secured a telegraphic order from the old gentleman for \$500.

The money was drawn through a local bank August 15. The officers are at a loss to know how to proceed, since there is no clue.

Emmett Webb, for years one of the leading citizens of this county, died yesterday at his home in Cambria, E. M. Haven of South Haven, Mich., is to start a seed farm at Arroyo Grande.

"The" lighting State.

Between East and West, North and South, it is unfortunate to have any feeling of division.

The New Englander and the westerner, the New Yorker and the man below Mason and Dixon's line, have one country and one nature, however each may differ from the others in details.

The nation will make good use of all the virtues—southern warmth, western freshness, New England firmness—without putting any to the other. Because we sometimes point out a fault, or a virtue, more characteristic of one locality, it does not mean a preference.

A correspondent speaks of the "attitude of the rest of the country toward New England, a fortress Boston, a fortress Harvard," and proceeds:

"I know we are narrow and self-satisfied, and prejudiced, and eternally preaching. But I cannot away with the injustice which punishes faults of manner or even temper as much more severely than follies and vices.

"The excellent, hard-working, honest self-sacrificing man is detected, the agreeable good-for-nothing shirks all his duties, ruins his family, and is forgiven.

Speaking of Massachusetts' criticisms of the Spanish War, and her desire to have her own coast line defended, her defender declares:

"Just as in 1812, and every other war, even the Mexican, Massachusetts gave more than her share of soldiers, sailors and money; she always has been and always will be 'the fighting State of the Union; but because she wants to express her mind at the same time, roasting western Governors who telegraph that their troops are all ready to start, except uniforms, guns and ammunition, call us traitors and cowards."

There is good warm patriotism for you, and we like it. Interested as we are in the newer parts of our country, as in the West, and in the more burdensome parts, as in the South, we never lose the love of old New England.

As for Massachusetts, she needs no encomiums. There she is. Behold her, and judge for yourselves." [Collier's Weekly.]

None Too Good for Him.

"When your American millionaire wants anything he wants the best," observed an Englishman, who was a "Queen's messenger" in Victoria's reign. "He's willing to pay well for it, too."

"The next day I was surprised to receive a card bearing the name of a well-known wealthy American. It couldn't be the gentleman, but thinking that I'd probably met him on a steamer or on a train somewhere, I told the servant to show him up."

VENTURA COUNTY.

PRISONER ALLEN'S VISIONS.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

VENTURA, Oct. 2.—F. T. Allen, the eccentric Santa Paula Free Methodist "lay exhorter," who now is in the County Jail with the serious charge hanging over him of having assassinated little girls in Santa Paula, is seeing visions. He says the Lord is with him and he knows he will be cleared of the charges. Wednesday night, he says while lying in his cell in the cell the Lord appeared to him and assured him (Allen) of his innocence; that the prosecution against him was blackmail only, and that he would arise triumphant over his enemies.

Allen is a wealthy man. He is a carpenter by trade and thrifty. He has built himself fifteen small houses in Santa Paula and from the many small rentals has accumulated considerable money. His wealth is estimated at \$20,000, and the money, he says, certain people want. He denied the charges against him when first arrested, but said it would be a difficult matter for him to prove his innocence.

The preliminary examination is set for tomorrow (Saturday) at Santa Paula before Justice Titus. The free residents of this place are all high against Allen, but Sheriff McMartin will be prepared for any emergency when he takes his prisoner there.

It is claimed that Allen has been talking with the group of little girls in Santa Paula for many months and the wonder is that the state of affairs existing has not sooner been made public. It came out at the present time by two of the little girls having a falling-out over a childish matter, and one reporting to the mother of the other what was alleged to be going on with Allen.

IN BRIEF.

P. V. Wright, a pioneer of Ventura, died this morning. Mr. Wright was a native of New York and 80 years of age. He came to Ventura in 1874 from Oshkosh, Wis., of which place he was also a pioneer and a wealthy citizen. He leaves two daughters, Mrs. Charles Whitney and Mrs. Logan Kennedy, both residents of this place. The funeral will be held Saturday at 2 p.m.

The Southern Pacific is making extensive changes in its Old train schedule. The new schedule will be put in effect on Monday, the 1st inst. It is said, to make the line between Santa Ana and San Bernardino, and after the opening of the Chatsworth tunnel.

HATS Today

We don't say that you won't be satisfied unless your hat comes from Silverwood's.

We know that there are other good hats in Los Angeles besides our own.

We also say that there are many hats so poor that they could not gain admission into our shelves.

In brief, our position in hatdom is this—

We aim to sell a little better hat for the money than the other fellow. We ought to be able to do this because we are willing to accept a small profit in order to give a great value.

And also—

We show a larger range of correct blocks than any other store.

Every Silverwood hat is sold with the understanding that if it isn't absolutely satisfactory you may bring it back.

Good Shoes.

Good footwear is not a meaningless phrase at this store. We have gathered our stock from the best manufacturers in America.

We are often able to provide our patrons with new ideas, considerably in advance of the ordinary retail market, while at all times our shoes may be depended upon for serviceability, correct design and comfort.

CHILD LUCK SAVED HER.

Little Edna Kurtz Goes Unscathed Through Car Collision With Seriously Injured Her Father.

Providence's "child luck" preserved little Edna Kurtz unscathed in a car smash-up last night, which laid her father out senseless, with serious wounds and demolished his wagon.

S. S. Kurtz, the injured father, is proprietor of the St. Louis Dairy, a small establishment on Eagle Rock Avenue, Garvanza. While driving across the tracks on his homeward trip, at Pasadena avenue and Avenue 10, Garvanza car No. 246 crashed into his one-horse wagon.

The father and daughter were sitting side by side on the seat, and were hurled into the street amid the wreckage. The father was knocked senseless with a broad cut in the scalp clear to the skull, above the right temple, and painful bumps on the wrist and other parts. Little Edna, who is but 11 years old, came through without a scratch. The dazed Kurtz was treated at the Receiving Hospital and will recover.

THE GENERAL IDIOT will discuss the pleasures of life in London hotels for the readers of The Times Magazine the coming day will contain a very interesting account of a Japanese priest's petulant experiences in the interior of Tibet.

Cooking with coal. In the circumstances of usual family life, is like climbing Mt. Lowe, not taking the train.

Custom Tailored Clothing
For Less Than The Price of Ready Made
The Uncalled for Garments of a Noted Chicago Tailor

Murphy Bros., of Chicago, Illinois, are noted for making high grade medium priced clothing; that is, their suits run in prices from \$25.00 to \$45.00. They do an enormous business. In a city like Chicago, where the population is continually coming and going, it's natural that any custom tailor should be left with a number of uncalled for garments on their hands. To protect themselves in such cases they exact a deposit of one-third the price of the suit or garment. Every six months all of the uncalled for garments are sold in a bunch. We were fortunate in securing all of the uncalled for suits, pants and coats and vests from these tailors at less than half the cost of production. There's a matter of possibly a thousand garments in all. These go on sale today at the following prices:

Men's \$25.00, \$30.00 and \$35.00 Suits for \$15.00
Men's \$15.00, \$17.50 and \$20.00 Coats and Vests for \$8.50
Men's \$7.00 and \$8.00 Custom Made Trousers for \$3.50

These garments are made from fine imported and domestic worsteds, tweeds, chevilles and cassimeres. They are all stylishly cut and splendidly tailored. There's a generous assortment of sizes, but naturally first choosing will be best, so we would advise an early response. But come what hour you may you'll find such clothing bargains as has never before been offered to the men of Los Angeles.

Men's Fine Shirts
The Popular "Gold" and "Silver" Brand
Prices Near to Half.

We were fortunate enough to secure the entire lot of travelers' samples of Geo. P. Mc & Co., the celebrated shirt makers, who make the famous "Gold" and "Silver" brand of shirts. These are stylish, up-to-date goods; there's a good range of sizes. If you have a shirt want now, or expect to have one in the near future, here's an opportunity you hardly can afford to overlook. For convenience sake we've divided these shirts into two lots, as follows:

Shirts at 75c

LOCAL RAILROAD RECORD. SURVEYED BY HUNTINGTON.

Parting Look at Network of New Trolley Lines.

Rapid Progress of Grading for the Glendale Road.

Return of Epes Randolph from Arizona—Senator Clark and Johnson.

Much of the day was spent by Mr. Huntington and his right bower, Mr. Main, yesterday, driving through the suburbs to the west and northwest of the city. Presumably the railway magistrate was busy most of the time adjusting into the future with all of its wonderful promises, and it will not surprise any resident of Los Angeles, for which Mr. Huntington has done so much in the last two years, if a new batch of proposed roads or extensions are announced in the near future.

They paid an especial visit to the scene of grading on the proposed line of the Los Angeles and Glendale Railway Company, and Mr. Huntington, who is interested directly or indirectly in the venture, went over the ground. Work is now progressing on a deep cut and heavy fill outside of the city limits near Lake Shore boulevard. This company's road will be remarkable in that it will be almost without grade, in one place only attaining 2 per cent, and otherwise not exceeding 1 per cent.

As yet Mr. Huntington does not know when he will return East, but indications are that he will be here all of next week. Epes Randolph, general manager of the Pacific Electric Railway Company, returned from Arizona yesterday, after a six weeks' period of systematic rest. Randolph was a sick man when he came away for the Territory, but he comes back looking well and vigorously, having gained several pounds in weight during his absence. He is now in the city, and is expected to be in the city for some time.

Senator Clark coming. Private advice received yesterday at local headquarters of the Salt Lake Railroad, announced that Senator W. A. Clark, president of the line in Los Angeles, is expected to be in the city for some time. He is expected to be in the city for some time.

On the 15th of the month the Texas and Pacific will shorten its time between Los Angeles and St. Louis fourteen hours, making a three days' run in all classes of passenger business out of Southern California to St. Louis. This schedule is introduced in anticipation of the World's Fair traffic in the early spring. It is also rumored that limited service will also be introduced. As increase in through-car service is arranged for, and the car now running to St. Louis will go on to Chicago.

W. Luce, general freight agent of the Southern Pacific, is down from San Francisco. "White, the genial 'trouble' man to the local general offices, is back with five more pounds after a week's vacation through the Southern California Territory.

HOW ABOUT TRANSFERS? Several hundred men are at work at Garvanza, widening the tracks of the Pacific Electric Railway to standard gauge. It has been supposed that the Huntington people would attempt to lay the third rail on this line within the city limits, but the workmen yesterday simply raised the old rails, and now the Huntington people are widening the track to the standard gauge. This does away with the idea of the third rail, and now the Huntington people are widening the track to the standard gauge.

MAY AFFECT LIGHT BILLS.

Sensational Decision by the Superior Court.

City May Fix Maximum Rate for Gas or Electricity.

Lighting Concerns Subject to Same Control as Water Companies.

An opinion of far-reaching and deep-cutting importance has been handed down by Superior Judge Curtis D. Wilbur in the habeas corpus proceedings in effect Judge Wilbur decides that it is competent for the governing body of any city in the State to pass an ordinance fixing the maximum rates that may be charged for gas and electricity used for lighting purposes.

It is stated that the point has never before been passed upon by the Superior Court. If the decision is upheld by the Supreme Court, the Council of Los Angeles, or of any other city, can regulate the price of gas and other illuminants.

The decision is a complete victory for Robert G. Loucks, the enterprising young City Attorney of Pomona. He drafted the ordinance on which the case was made and in the face of considerable political opposition secured its passage by the city authorities. Loucks and Paul J. Denninger, two of the managers of the Pomona and Ontario Light and Fuel Company, were arrested for charging and collecting more than \$150 a thousand feet for gas, as provided by the ordinance. A test case was brought in the Superior Court on habeas corpus proceedings and in an opinion made public yesterday Judge Wilbur decided against the contention of the gas company and remanded the prisoners to custody.

It was maintained by counsel for the gas company that the provision of article 11, section 19 of the Constitution giving cities the right to regulate gas and electric companies the right to use the street and to regulate the charges made by the companies in the fixing of the charges, but that some special legislation was required. Judge Wilbur finds that the companies have been very ready to maintain that the section of the Constitution giving cities the right to regulate gas and electric companies the right to use the street and to regulate the charges made by the companies in the fixing of the charges, but that some special legislation was required.

Under the general laws it is necessary for the Council, or other governing body, to fix the rates at a figure which will allow the company a reasonable margin of profit. The decision, however, may pave the way to an inquiry as to the cost of supplying gas and electricity to the consumer in order that the Council may decide whether the rates are now as low as is consistent with a fair margin of profit to the lighting companies.

For some time California cities have fixed the water rates to be charged by private corporations under the same section of the Constitution, but with respect to water companies the provision of the Constitution was interpreted by a special act of the State Legislature.

Under the general laws it is necessary for the Council, or other governing body, to fix the rates at a figure which will allow the company a reasonable margin of profit. The decision, however, may pave the way to an inquiry as to the cost of supplying gas and electricity to the consumer in order that the Council may decide whether the rates are now as low as is consistent with a fair margin of profit to the lighting companies.

SHOTGUN ENDS LIFE OF SANTA ANA RANCHER.

SUDDEN KILLING OF SAMPSON LUTON, A WIDOWER.

Leaves House With Firearm for Amusement Purpose of Killing Chickens and is Found Dying With Gaping Wound in Abdomen.

SANTA ANA, Oct. 2.—Sampson Luton, a rancher living a mile west of the fair grounds on Bristol street, was killed this morning by the accidental discharge of a shotgun. Luton left the house in hand for the purpose, he told his son Andrew, of shooting chickens, which he had been preying on his poultry.

Soon afterward the son heard a shot, followed by groans, and running to the rear of the yard, found his father breathing his last, with a hole torn through the abdomen, where the charge of No. 5 shot from the gun had struck him. The butt of the gun was against the foot of a peach tree, and this, with the peculiar nature of the wound, led to the presumption that death may have been instantaneous. The coroner's jury, however, after examining the facts of the case, rendered a verdict of accidental death. Luton came from Nebraska about two years ago, and has always been in good health and excellent spirits. He was a widower, 45 years of age. He leaves two sons, Andrew, who lives here, and Elmer, in the employ of the Los Angeles Railway Company in Los Angeles.

The funeral will be held tomorrow afternoon at 2 o'clock at Smith & Sons' parlors.

MORE SOCIAL CLUB.

John Gerken, the alleged manager and steward of the Santa Ana Social Club, is the latest person to be arrested for alleged violation of the prohibition ordinance. The officers have been patrolling the premises for several days, and when the raid, which resulted in the arrest of Elsworth Lyons, was made, Gerken was not there. Gerken was brought here and gave \$300 bonds for his appearance for trial Monday. Since the arrest of Lyons and the disappearance of Gerken it is said that the activity of the social club is at a low ebb, and that it is practically out of business for the present.

LOCAL BRIEFS.

A tract of 160 acres of the J. B. Pallen estate near Bolea has been sold to Caspar Borchard; consideration \$2000. In the Superior Court today letters of administration in the Robert McCormack estate were granted to W. W. Wetherbee to Luelia A. Parker in the Robert Parker estate and to Ed Tedford in the P. S. Richards estate.

ANAHEIM.

SUSPECTED OF SMUGGLING.

ANAHEIM, Oct. 2.—It is generally believed here that a tough gang of Chinese smugglers has existed about Anaheim and in the Yorba section for several years. The smooth operators are said to be Mexicans, who are paid as high as \$200 a head for each Celestial smuggled into the country. It is said that a few weeks ago a band of twelve Chinese was smuggled across the border and made the journey to Yorba, traveling at night only, and from that station they went to Los Angeles by train and were scattered.

LOCAL PICK-UPS.

Fred Yoern, recently from Los Angeles, suffered a compound fracture of the right leg by the kick of a horse on Wednesday. The break was just above the ankle, the bone protruding through the flesh. His physicians say he will be disabled for at least three months.

Miss Lizzie Klecker and Miss Clara Hayward of Los Angeles have been guests of Mr. and Mrs. Frank Baum during the past week.

E. J. Monahan has gone to New York on a trip.

Mrs. J. Schneider is spending the week in Los Angeles with friends.

SAN BERNARDINO.

K.O.T.M. AND L.O.T.M. DANCE.

SAN BERNARDINO, Oct. 2.—A largely-attended dance was given last night at the pavilion under the auspices of Arrowhead Hive, No. 27. Ladies of the Macabees. Over 100 couples were present, many coming from outside towns. The Riverside Knights and Ladies gave one of the prettiest fancy drills ever seen here at the opening of the evening's program. The pavilion was handsomely decorated for the occasion. Dancing was continued until a late hour, the music being furnished by Hill's orchestra. The success of the dance was largely due to Mrs. Forest Peterson and Mrs. Dottie A. Whipple, who managed the affair, assisted by an able and willing corps of knights and ladies.

CHAFFEY COLLEGE CONTEST.

A technical answer was filed yesterday to the amended complaint in the suit of the people, ex rel. George Chaffey against Chaffey College of the University of Southern California. The suit was brought to prevent the removal of Chaffey College from Ontario to Los Angeles, and its consolidation with the University of Southern California. The complaint charges that the removal of the college would be in direct conflict with the provisions of the deed by which the Chaffey brothers endowed the college. The statute of limitations for a third cause of action, in the answer, it is claimed that the plaintiffs overlooked their rights by not instituting suit several years ago.

CURRENT CULLINGS.

James Allen has been over for trial in the Superior Court on a charge of stealing a bicycle belonging to County Treasurer Sibley. Articles of incorporation of the White Star Laundry of Redlands have been filed. The capital stock is fixed at \$50,000, of which \$50 has been subscribed. The directors are J. H. Logie, R. H. Myers, H. Y. Evans, Jr., R. H. Ford and A. H. Holgate. Mrs. F. W. Greig is visiting relatives in Los Angeles. Mr. and Mrs. John Flagg are in Los Angeles for a short stay. Mr. and Mrs. S. S. Snyder have re-

turned from an extended stay in San Francisco.

The new dormitory at the County Hospital has been completed, and some of the patients have already been moved in. The building, which became a necessity on account of the crowded condition of the hospital, will accommodate between twenty and thirty patients. There are over one hundred inmates at the hospital at present.

REDLANDS.

CLAIM BEAR-CREEK WATER.

REDLANDS, Oct. 2.—There is trouble in store for the Edison Electric Company in the mountains east of this city, according to reports circulated here today. John G. North, an attorney of Riverside, acting presumably for the Huntington interests of Los Angeles, has a party of surveyors in the same district which the Edison company is doing work. The water in Bear Creek is the cause of the trouble. The right to use the water from the Bear Creek reservoir, to the junction of the Santa Ana River, was made by the Edison company and it has a force of men near the falls, erecting buildings and power plants. North contends that the Edison company has no right to use the water for power purposes several years ago, making no effort to protect their claim until the water was taken. The Edison company maintains its right to the water and is prosecuting the work without regard to Mr. North's position. The right is probably to be adjusted in the courts.

STRANGE DISAPPEARANCE.

I. G. Vivial, a young man employed in a brick yard of this city for several weeks past, has mysteriously disappeared. He was last seen Tuesday. His clothing and personal effects are in possession of his relatives, who are greatly worried by his absence, fearing foul play. Vivial is said to have had a considerable amount of money with him at the time of his departure.

REDLANDS BRIEFS.

William Brandt, who was on trial in Justice Griffith's court yesterday on a charge of illegal liquor selling, was found guilty by the jury and will be sentenced next Tuesday.

Mrs. Jessie Facimire, daughter of Ernest Winnie, died at her home in Kansas yesterday. She was 20 years of age and leaves two sisters here and one in Los Angeles.

The First Methodist Episcopal Sunday-school will give its annual rally day exercises Sunday.

Grant Ridley, a carpenter of this city, was killed by a falling beam accident this afternoon. While working with a sharp chisel the tool slipped and penetrated his hand about an inch and a half.

Mr. and Mrs. E. G. Judson and son have returned from the north where they have been for several months.

Dr. and Mrs. Howell Tyler, who were in New York City and San Francisco for several weeks, have returned to this city.

Miss Louise Hopcock returned yesterday from Coronado, where she spent the summer.

"If you want a thing well done, do it yourself." is an old-time motto, but the latest is "Try The Times when it comes to advertising." Telephone your wants to Red 1025, and our Redlands Agency will take your ad, and send it to the main office.

DAUGETT.

MORE BALZ LAKE GRADERS.

DAUGETT, Oct. 2.—It is expected that within a few days the Balz Construction Co., contractors for the construction of over 200 miles of roadbed of the San Pedro, Los Angeles and Salt Lake Railroad, will have 2500 men at work on the job. John T. Long, vice-president and general manager of the company, has returned from the construction camp, where he has been working each day for a few days. A number of them are now out looking for work. The Balz Construction Co. has been awarded a contract by the United States government to construct a roadbed of 200 miles of roadbed of the San Pedro, Los Angeles and Salt Lake Railroad, which will be completed in 1910. The roadbed will be constructed by men all of this town and the contractors made their headquarters at the Balz Construction Co. Within the next few days several welcome rains have visited here and will be cooling the atmosphere.

COLTON.

HOUSE CROCK GROWING.

COLTON, Oct. 2.—A contract has been awarded by Mr. C. P. Peterson, Meers, Astor and McKinley for grading the hill between C and E streets west of Fourth street, and building twelve modern cottages on the property. The cottages will be completed by the first of the year. A marble retaining wall 600 feet long and several feet high, fronting on Fourth street, has been completed.

To meet the still growing demand for cottages Seth Harley bought yesterday of T. I. Reed eighteen lots in North Colton, for the erection of nine cottages. The improvements with a number of houses in various stages of construction, will, it is believed, render the present overcrowded conditions.

Miss Edna Spring entertained the young people of Colton at her home Wednesday evening at a pie party. What was played, Miss Dyke and C. W. Curtis winning the first prizes. The contest went to Miss Raymond and F. Ripley.

I. W. Brink has gone to San Francisco for a three weeks' vacation. Miss Gibbs, Miss Morgan and Miss Boyd, teachers, arrived in Colton today for the opening of the High School Monday.

RIVERSIDE COUNTY.

CHAMBER TO INSURE BOOKLET.

RIVERSIDE, Oct. 2.—It has been practically decided to issue an illustrated booklet setting forth the advantages of Riverside as a place of residence and business, as soon as sufficient funds are available for that purpose. A committee of the Chamber of Commerce, consisting of F. A. Miller, D. M. Myers and Secretary Streeter, has been named to submit a

report on the subject. The finances of the organization are not in flourishing condition, and active steps will be taken to build up the membership.

MEN OF MARK.

Company M. N.G.C., completed the series of three State shoots yesterday. The average company score for the three shoots was 169 out of a possible 225. Those who scored 190 or over were: Capt. Mitchell, 190; First-Lieut. Meacham, 200; Second-Lieut. Bloom, 200; Quartermaster-Sergeant, Darling, 200; Sergeant, Bollinger, 201; Sergeant, Higgins, 206; Sergeant, Knisley, 206; Corporal, Irvin, 181; Corporal, Nicholson, 185; Corporal, Skinner, 203; Private Ogden, 190; Private Pann, 201; Private Parker, 181; Private Stemple, 181; Private Waite, 184.

GETS THE LAND.

The Riverside who have been interested in the "scripper" side of the case in the long and fierce legal contest that has been waged between "scrippers" and mineral men over the possession of valuable oil lands near Bakersfield, are in high feather over the news that J. R. Johnston has just received a government patent for 153 acres of the same lands, which he has taken possession of. The patent was issued on forest reserve scrip.

RIVERSIDE NOTES.

Mr. and Mrs. J. R. Johnston announce the engagement of their daughter, Miss Myrtle Johnston, to Harry Morris Buchanan of Chicago. The wedding will take place within a few months in Riverside.

Mr. and Mrs. Horace Simmons left yesterday on a month's trip through Los Angeles county, where they will furnish singing for a series of temperance meetings.

The West Riverside bridge, which has been closed for repairs, has been reopened for travel.

The Telephone Company has 1000 telephones now in operation in the city, exclusive of the Glenwood's 30 telephones.

Mr. N. Wheelock, city school superintendent, has purchased of Frank A. Bixler several lots on East Arlington avenue, where he will erect a handsome bungalow.

James Brogan and Henry Wendelburg, two desperadoes who were arrested yesterday by the police, they will both serve a term in jail if they return.

Miss Daisy Vredenburg has returned from a pleasure trip to San Francisco.

Since "A crust is better than no bread," a small advertisement in The Times brings in more business than no advertisement at all. Telephone your wants to Red 661 and our Riverside Agency will take your ad, and send it to the main office.

MRS. SWENSON BUYS BACK HUSBAND'S MINE.

PROPERTY IN MEXICO WILL BE WORKED FOR HER.

Fatherless Family Settled in Home. Mrs. Newton Brown at Whittier and Her Faithless Husband Serving Prison Sentence at Altar.

Mrs. Anton Swenson, widow of the Los Angeles contractor who was killed in Mexico some months ago by a shot-gun in the hands of his partner, Newton Brown, has with her four children, returned from Catalina, where they spent the summer just past. They have taken up their residence again at their home, No. 750 East Sixteenth street.

Mrs. Newton Brown is still with her brother at Whittier. Her husband has begun the serving of his sixteen months' sentence in the Mexican prison at Altar. His term of imprisonment will expire about January, 1904. It will be recalled that he was convicted by a Mexican court of crime for correspondence to our crime of "criminal negligence."

MINISTERED TO WIFE WHILE HIMSELF DYING.

E. N. DAVIDSON, the well-known local hotel man, was found dead in bed by his wife yesterday forenoon.

The closing incidents lend an unusual pathos to his dying.

The man, while really dying, ministered to his indisposed wife, without any complaint about himself. After dancing attendance upon her until midnight, he dragged himself off to his own room, crawled into bed and died.

Mrs. Davidson had no idea of her husband's danger; he may not have heard himself groaning, but she thought nothing of it. He was a victim of fatty degeneration of the vital organs, and she said he often gave such evidence of suffering in his sleep.

Little Ruth, the ten-year-old daughter, wanted the usual kiss from papa before going to school. He was lying cold in death in the next room. Her mama said papa had been kept up late giving her medicine, so must be allowed to get a good rest. The child

scampered off to school without knowing a thing.

At 10 o'clock the inevitable, pathetic discovery came, when Mrs. Davidson went to awaken her husband. The scene was the Chautauqua lodge-house, No. 1214 North Spring street, which the Davidsons have conducted under lease for the past year. Just previously they had conducted for six months the Franklin, on North Broadway. In former years Davidson had owned the Gray Gables, corner of the Hill and Hill street, and Devon Inn, corner of Ninth and Broadway.

Davidson had earned a wide acquaintance here as a hotel man. Also, he was prominent in musical circles, being a pianist of marked ability. With his wife he came to Los Angeles seventeen years ago from Philadelphia. The little daughter, Ruth, also an excellent pianist, having been the favorite pupil of the late Carlisle Peterson.

A post-mortem examination, conducted by Coroner Trout, showed that death was caused by heart affection, various vital being in a condition of fatty degeneration. An inquest will be held at 10 o'clock this morning at the undertaking parlors of Bressa Bros.

A New Wrinkle, (No. 4.)

Easy Vegetable Soup

Two tablespoons Armour's Extract of Beef, 1/2 cup radishes, 1/2 cup carrots, 1/2 cup potatoes, 1 onion, chopped fine, 1 cup celery, salt and pepper.

Chop vegetables and add with rice to water with salt, cook until tender (about 30 minutes); then add Extract of Beef, parsley, bay leaf and seasonings. Armour's Tomato Soup may be used in place of tomatoes—each tablespoonful of Tomato Soup to each quart of soup.

Above is taken from edition de luxe "Culinary Wrinkles," (just out) which will be sent postpaid to any address on receipt of a metal cap from jar of Armour's Extract of Beef.

In the killing of Swenson. Since the tragedy Mrs. Brown received one letter from her faithless husband—the one in which he asked her to have Swenson's mine, which was an affidavit to the effect that in her belief he was not guilty of evil intent in causing the death of Swenson.

John H. Foley, Mrs. Swenson's attorney, says that the widow and her four children, three girls and one boy, ranging in age from 7 to 15—will be able to live quietly on the meager estate left by the husband and father.

"To save the probably heavy costs of Mexican litigation," says Mr. Foley, Mrs. Swenson by my advice has purchased for about \$1200 from Con O'Keefe the one-half interest in the Sonora, which Newton Brown sold to O'Keefe on the fraudulent representation that it was his (Brown's) property, whereas, in fact, it was the property of Swenson. Mr. O'Keefe, who, I have every reason to believe, is an honorable and competent man will work the mine for six months for Mrs. Swenson, and then the one-half for himself and one-half for Mrs. Swenson. The mine is situated in the Sonora, and is a very rich one. Mrs. Swenson has also the one-half interest in the Sonora, which Newton Brown sold to O'Keefe on the fraudulent representation that it was his (Brown's) property, whereas, in fact, it was the property of Swenson. Hamburger's

GRAND PROMENADE CONCERT SATURDAY NIGHT.

As a fitting finale to our Fall Opening and Twenty-Second Anniversary which has been the very best in our mercantile career and has overshadowed every similar effort on the part of competitors, we will give the public a chance Saturday night to view this great store in all its attractiveness of merchandise and decorations as the decorations will remain intact. The windows will be lighted, and as a window display they are worth coming a good way to see. A grand orchestra will render a very select musical program of such high excellence that we have seen fit to class it as a Grand Promenade Concert. So come and bring your friends with you.

Fine Parisian and American Millinery.

Our Opening has shown conclusively to the women of Southern California that when it comes to making a meritorious display of foreign millinery that Hamburgers are equally as progressive as the biggest stores in Eastern cities. Naturally, you have admired all the Parisian creations, but possibly you felt that you could not just quite afford the price. This is our strongest point in the millinery business, for with an experienced head milliner and competent makers, we adopt not only the best ideas from Paris, but we also originate many new worthy styles right here in our own workroom, and as to the hats we make, they are all of excellent quality material, the very best of workmanship and prices are not exorbitant. Hundreds of new stylish hats are now displayed in this great department at prices you are willing to pay and in no case will you consider any of them high priced. Among the best of the leading styles we specially feature the following lines.

Women's Dress or Tailored Hats—popular shapes, including high crown Gainsborough of Angora braid, trimmed with black satin ribbon and quills; box turbans of felt and velvet; and felt combined, with stitched strap around edge, trimmed with jet ornaments and huckle plume in pom pom effect; flare brim shapes with bell crown and of cut felt and corded with velvet or folds of chiffon and trimmed with ribbon, rosettes, quills and pom poms. Price **\$7.50**

Women's Dress Hats—including French velvet turbans, the underbrim with curly lace ornaments, trimmed with black satin ribbon and quills; box turbans of felt and velvet; and felt combined, with stitched strap around edge, trimmed with jet ornaments and huckle plume in pom pom effect; flare brim shapes with bell crown and of cut felt and corded with velvet or folds of chiffon and trimmed with ribbon, rosettes, quills and pom poms. Price **\$10.00**

Women's Dress Hats—new turban shapes of white plush edged with turquoise velvet, trimmed with black pom pom and jet ornaments; black Pan velvet dress hats, with narrow crown, trimmed with black velvet ribbon and ribbon rosette, chiffon and lace dress hats in pink and white, finished with black ostrich plume, ornament and black velvet ribbon. Nobby Wearables for Men and Boys.

Clothes won't wear always and even the most expensive ones you will tire of in time so why not accept a better proposition and buy two ready-to-wear suits for the price of one made-to-measure. They are good. They are stylish. They are perfect fitting and above all made by skilled union labor and are not the product of sweat shops. That is the kind which are carried at Hamburgers. The new fall and winter lines are particularly attractive and the fact that we can not only secure anything in his own line, but particularly are the needs of boys fully met at this great store. Compare with others prices and the saving you can effect here will insure us your patronage.
